

ADLER Aquafix S

91201

Water-based structural paste for ADLER coating systems for industrial and professional use

PRODUCT DESCRIPTION

General

Structural paste for colorless and water-based pigmented ADLER coating-systems as for example **ADLER Aqua-Soft CFB 30361 ff**, **ADLER Pigmocryl 31105 ff** or **Aquawood Protor-Finish D 5173** to obtain structured surfaces.

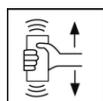

Areas of application

- For hard-wearing surfaces with structural effect of the whole interior fittings and the protected outer zone.
- Usable for water-based, colorless and pigmented coating-systems.
- Does not exert influence on the surface quality of the coating-system (chemical and mechanical resistance).

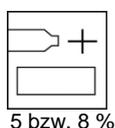

PROCESSING

Instructions for use

- Please stir the product well before use.
- Carefully stir ADLER Aquafix S 91201 in non-hardened and un-thinned paints; incorporate the hardener and the required quantity of thinner and water afterwards.
- Furniture coatings carefully mixed with ADLER Aquafix S 91201 can be processed and used as explained in the corresponding technical data sheet.
- Depending on the required quantity ADLER Aquafix S 91201 will cause an evident gloss reduction of the original varnish.
- It is possible to layers of lacquer with ADLER Aquafix S 91201 (without intermediate sanding, within 24 hours); however the structure will be reduced.

Quantity to be added

Maximum 5 - 8 weight percentage.

Depending on the coating system the following quantities to be added are recommended:

Water-based ADLER furniture varnish:	5 %
System Aquawood Protor-Finish:	8 %

Drying times

(at 23 °C and 50 % rel. humidity)

The addition of ADLER Aquafix S 91201 does not influence the drying of the coating systems.

Cleaning the tools and equipment

Clean with water immediately after use.

Remove flashed-off coat residues using ADLER Aqua-Cleaner 80080 (1:1 diluted with water).

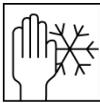

NOTES ON ORDERING**Container sizes**

180 g, 250 g, 650 g, 1 kg

Subtleities

Grob (coarse)

91201

OTHER INSTRUCTIONS**Storage stability / Storage**

At least 1 year in the original sealed containers.

Store in a cool but frost-free place.
