

ADLER Clean-Glasreiniger

7214000210

Special detergent for the glass coating for professional and industrial use

	PRODUCT DESCRIPTION
General	Special water-solvent-mixture for the preparation of glass to be coated with glass coatings.
Application area	 Cleaning of glass to remove impurities and residues. For a coating free of streaks with a good adhesion.
	PROCESSING
Instructions for use	Remove heavy impurities such as adhesive tape residues prior to application.
	 Distribute ADLER Clean-Glasreiniger 7214000210 on a cotton cloth or cleaning paper and clean the part of the glass to be coated; followed by wiping dry.
	 Do not touch (or only with cotton gloves) the clean glass side to avoid finger/hand prints.
	 The product is not usable as a window cleaner for maintenance cleaning.
	 Please observe our "Working guidelines for glass coating with PUR paints".
	ORDERING INFORMATION
